

OBERGAISBERG

— Gasthaus —

HERZLICH WILLKOMMEN

In addition to our company foundation, we strive to conjure up high-quality and regional products on our plates. By combining agriculture and hospitality, we are able to offer many products from our own agriculture. This includes Heumilch, our Harlasanger Alpine cheese as well as the finest meat from the farm's own beef and lamb. In addition, we smoke our bacon in the company's own selche and thus offer our guests the best quality. Dairy cows are only fed with hay, as we attach the highest importance to natural foods. Our animals spend the summer on the Harlassangeralm, where they can enjoy their everyday life stress-free day after day.

***Good appetite and a comfortable stay wishes you family
Kogler with team***
